Miao Yu

Department of Information Systems, College of Business
City University of Hong Kong
miaoyu@cityu.edu.hk | +852 52291087 | miaoyuu.github.io

Academic Appointment

College of Business, City University of Hong Kong — **Hong Kong, China**
Assistant Professor of Information Systems — *Jul. 2026–Present*

Education

The University of Hong Kong — **Hong Kong, China**
Ph.D. in Innovation and Information Management — *2021–2026*
Advisor: Prof. Hailiang Chen

University of Michigan — **Ann Arbor, MI, USA**
M.S. in Technology and Operations — *2017–2019*
Stephen M. Ross School of Business
Cumulative GPA: 3.89/4.00

Nankai University — **Tianjin, China**
B.S. in Logistics Management, with highest honors — *2013–2017*
Nankai Business School
Class rank: 1/29

The Hong Kong University of Science and Technology — **Hong Kong, China**
Research Exchange — *2016*

Research Interests

Methods: Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), Deep Learning, Agentic AI
Domains: Digital Platforms, FinTech

Publications and Working Papers

1. **Less Pressure, More Prosperity? The Impact of Conservative Estimated Time of Arrival Algorithms on Food Delivery Rider Behaviors**
   Miao Yu, Hailiang Chen, Yuan Cheng, Yu Jeffrey Hu
   Conditionally accepted at Information Systems Research
2. **GovLegal-RAG: Leveraging Retrieval-Augmented Generation for Government and Legal Consultation**
   Miao Yu, Hailiang Chen
   Under review
3. **Sequential ETA Disclosure on On-Demand Platforms: Reference Dependence and Field Evidence**
   Miao Yu, Ying-Ju Chen
   Under review
4. **Agent-RF: Automated Risk Factor Engineering with Agentic AI in Bank Risk Control**
   Hongwei Zhuang, **Miao Yu**, Hailiang Chen, Jianming Wang*
   Work in progress
5. **Platform-Generated Information and Marketplace Behavior: A Large-Scale Field Experiment on a Delivery-Speed Badge**
   Miao Yu, Yu Jeffrey Hu
   Work in progress
6. **From Optimization to Action: Augmenting Dispatching Decisions with Large Language Models**
   Miao Yu, Guangrui Ma*
   Work in progress

* Industry collaborator

Refereed Conference Proceedings

Just the Right Emotion: Exploring the Effects of Verbal and Facial Emotions in Live Streaming E-commerce
Proceedings of the China Summer Workshop on Information Management (CSWIM), 2023, Changsha, China

Conference Presentations

Less Pressure, More Prosperity? The Impact of Conservative Estimated Time of Arrival Algorithms on Food Delivery Rider Behaviors
Conference on Information Systems and Technology (CIST), 2025, Atlanta, USA
Statistical Challenges in Electronic Commerce Research (SCECR), 2025, Paphos, Cyprus
Workshop on Information Systems and Economics (WISE), 2024, Bangkok, Thailand
Statistical Challenges in Electronic Commerce Research (SCECR), 2022, Madrid, Spain

GovLegal-RAG: Leveraging Retrieval-Augmented Generation for Government and Legal Consultation
INFORMS Annual Meeting, 2025, Atlanta, USA
Joint University Summer Workshop on Information Systems (JUSWIS), 2025, Hong Kong, China
Conference on Information Systems and Technology (CIST), 2024, Seattle, USA

Just the Right Emotion: Exploring the Effects of Verbal and Facial Emotions in Live Streaming E-commerce
China Summer Workshop on Information Management (CSWIM), 2023, Changsha, China
Workshop on Information Systems and Economics (WISE), 2021, Austin, USA

Mimicking the Expert: A Transformer-Based Artifact for Leakage Detection in Auto Insurance
INFORMS Data Science Workshop, 2024, Seattle, USA

Teaching Experience

IS 5542: Generative Artificial Intelligence for Business *Fall 2026*
Teach a master's-level course on generative AI, combining theoretical foundations, hands-on exercises, and case studies focused on business applications and innovation.

MSBA 7012: Social Media and Digital Marketing Analytics *Spring 2022; Spring 2023*
Led three tutorials and graded assignments.

MSBA Capstone Project *Spring 2023-Spring 2025*
Mentored student teams on company-sponsored projects.

Teaching Interests
LLMs, RAG, Agentic AI, Business Analytics, Data Science

Industry Experience

Machine Learning Scientist (Research Intern), Ping An Technology *Jun. 2024–Present*
Deploy AI applications for risk factor generation and algorithm optimization in finance.

Machine Learning Scientist (Research Intern), Meituan *Dec. 2021–Oct. 2022; Apr. 2026–Aug. 2026*
Optimized AI systems to improve rider welfare and operational efficiency.

Honors and Awards

Finalist, POMS-HK International Conference Best Student Paper Award *2026*

Selected Fellow for International Conference on Information Systems (ICIS) Doctoral Consortium *2025*

Selected Fellow for INFORMS ISS Doctoral Consortium *2025*

Dissertation Year Fellowship, The University of Hong Kong *2025–2026*

HKU Presidential PhD Scholarship, The University of Hong Kong *2021–2025*
Total funding: approximately HK$1,700,000

FBE PhD Research Progress Award, The University of Hong Kong *2023–2024*

FBE PhD Entrance Scholarship, The University of Hong Kong *2021–2022*

Ross Business School Fellowship, University of Michigan *2017–2019*

Distinguished Undergraduate Award, Nankai University *2017*

Tianjin Government Scholarship *2015–2016*
Top 2% university-wide

The National Southwest Associated University Scholarship *2014–2015*
Top 2% university-wide

The 1st Outstanding Student Scholarship *2013–2014*
Top 5% university-wide

First Prize, National Undergraduate Innovative Research Program *May 2017*

Honorable Mention, Interdisciplinary Contest in Modeling (ICM) *Feb. 2016*

First Prize, China Undergraduate Mathematical Contest in Modeling (CUMCM) *Sep. 2015*

Academic Service

Journal Reviewer: Management Science; Information & Management; Manufacturing & Service Operations Management; Production and Operations Management

Conference Reviewer: International Conference on Information Systems (ICIS); Pacific Asia Conference on Information Systems (PACIS)-associate editor; INFORMS Data Science Workshop; INFORMS MSOM Conference

Technical Skills

Python, R, SQL, Stata, MATLAB, CPLEX, Mathematica, C++
